VITLAccess
Quick Reference Guide

Past Demographic Information

You can view the demographic information most recently submitted to the Vermont Health Information Exchange using the Demographics button on the Patient Banner. Additionally, the Patient Relationships tab or widget can serve as a source of historical demographic information. To begin this process, you will need to navigate to the Patient Charts screen then to the Patient Relationships tab or widget.

To find the most recent demographic information

The Patient Banner bar is displayed below.

VITLPERSON, ONE (M, 55) DOB: 05/03/1966	Demographics	Address: 123 VITL Way Apt ABC, Burlington, VT 05812 Home: 8022229123	CIGNA

The Demographics window is displayed to the right.

- Selecting the Demographics button on the Patient Banner displays the most recently submitted demographics.
- The Demographics window allows you to print or download the demographic information of the patient.

To find past demographic information

The Patient Relationships widget is displayed to the right.

- Navigate to the Patient Relationships widget.
- You can sort patient relationships by clicking the arrow next to the Name column.
- Locate the patient's name or the relationship of Self in the widget. You may find more than one entry, this information is submitted by different organizations and may contain historical data, such as past addresses and contact information.
- Selecting the line will display the View Patient Relationships screen
- The View Patient Relationships window for Self includes the patient's name, relationship, date, address, source organization, document, and upload date. You can print patient relationships by selecting Print in the top right corner of the widget.
